

Recruitment Team at CK QLS AG

We find roles for high calibre professionals working in the science and technology sectors. With an office based in Zug, we specialize in the Swiss markets but have a wider network extending across Europe and the UK. We are confident that we can support any resourcing need you have in our markets.

We have our own recruitment, screening and in house payroll service to provide a rapid and seamless end to end recruitment service for flexible labor resources.

Our SECO license and connections to the best talent in the Swiss market provide peace of mind that not only will you have access to the skills that you need but that you will be working with a quality driven, licensed business.

As part of the CK Group, we work with some of the most forward thinking businesses, helping them to find the right talent, from industry start ups to global pharmaceutical organisations.

We're proud to work with **26** of the world top **30** pharmaceutical and biotech companies.

Services we offer:

- Individual contractors – Working closely with you to rapidly identify and recruit the best people for your interim position or project.
- Project team delivery – Let us recruit and employ full teams to deliver your project to save your team time and money.
- Permanent recruitment services – Working with you on an exclusive basis to find you the best talent for your teams.
- International recruitment support – With access to talent from around the world CK QLS can support you with identifying the right skills for your business in over 50 countries.
